

Offer the best of the coffee art with or top-of-the-range espresso machine.

LIFE TOUCH

1 TO 3 GROUPS
STANDARD OR "HIGH CUP"

Retractable and stable drawers allow working with smaller cups (optional)

The Life Touch is equipped with an intuitive and durable touch screen. With its settings menu, it provides a precise display of quantities, all in an user-friendly and personalized interface, for a more pleasant coffee experience.

The connected grinder option simplifies your experience: it communicates directly with the machine, activating the water volume button corresponding to the chosen coffee dose. Get the perfect espresso without worries or complicated calculations.

Reneka Life Touch 2 groups Black Series, High Cup & Latte Art

LATTE ART nozzle with temperature sensors. Make your milk foam easily, without ever burning it, thanks to the new RENEKA patent. Also available in double "Latte Art" and "PEEK Plastic" (Optional).

LIFE TOUCH

Eco mode switch: at night and between services lower the boiler's temperature to 80° C. to save energy and money.

Boiler temperature stability: thanks to an electronic PID control with a 0,5°C precision.

Rotary pump with magnetic coupling: quiet and durable. 120 L/h on 1 and 2 groups, 200 L/h on 3 groups.

Integrated "cold" water mixer tap: adjust independently of each groups temperature thanks to the GID-R.
